Tuesdays or Thursdays 2:30-4:00 TBD*

High School Students

No Fee

Weekly meetings September through April.

Students with their own computers will be allowed to complete assignments at home if there is a need to miss a meeting.

Students involved in sports are expected to notify advisors of expected absences from regular meetings.

A laptop computer with Microsoft Publisher or Adobe InDesign helpful, but not required.

Training provided, but students need to be motivated and self-directed.

Student photographers also needed for co-op candid and sports photos. Flexible schedule.

No grade given, but letters of recommendation can be supplied for college and job applications.

*There may be some flexibility with the schedule for experienced students. We really need to see who is interested and how it fits in the overall schedule.
